railroad of which Col. J. G. Martin of tion was taken in aid of foreign missions this city is president is an assured fact. and the meeting closed with prayers by byteries on the subject of tithes. The Col. Martin has written that grading Dr. Houston and Dr. Thompson. The will be commenced in June; all the neces sary capital having been interested, besides the handsome subscriptions voted by Morristown, Grainger and Hamblin counties.

The Episcopal Convention.

The centennial Episcopal convention of North Carolina was held last week in Tarboro. Delegates from all parts of the State were in attendance. The sessions of the body were presided over by Bishop Lyman. Bishop Watson of the eastern diocese was also present. The delegates from Asheville were Rev. McNeely Dubose, Rev. Jarvis Buxton, Rev. D. H. Buel, Rev. Geo. H. Bell, Rev. W. F. Rice Rev. C. J. McDuffy and Capt. T. W. Patton. Capt. Patton returned home this morning and reports himself as having had an enjoyable time. Of the conven tion he says: "Two most interesting addresses were delivered last Sunday. Bishop Watson spoke Sunday morning on the 'Three first Bishops of North Carolina, Ravenscroft, Ives and Atkinson.' At night Rev. F. J. Murdock, of Salisbury, spoke on the church with regard to its position on christian unity. This address was remarkable for its force of argument and was highly praised by those who

"There were, at an estimate, five hundred guests in Tarboro during the session, and the citizens of that place excelled even their own record, which has heretofore been beyond any place in the State, for hospitality."

The next convention will be held in Asbeville May 13, 1891.

The Asheville and Bristol. The contract has been let for the building of the Asheville and Bristol railroad. The line is to be fifty-five miles long, and will run from Asheville towards Bristol, Tenn. The work is to begin August 1, 1890, and must be completed by March 1, 1892. One hundred miles of the French Broad Valley railroad have also been let to contract to be begun by June 20, 1890 and finished by December 1, 1891. Jas. Raymond, of New York is the contractor for both roads.

Up Before the Mayer.

Stephen Byas was the first prisone called this morning in the Mayor's court. He was found guilty on the charge of find \$3 and \$2 costs. Walter Setser, for committing a breach of the peace was fined \$3 and \$1.50 costs. Thomas Hunt committee furnished some figures for the Assembly to consider. Out of seventy-one presbyteries which had been written to and asked for papers on the laws of pression that is truly refreshing."

THE TITHING QUESTION

TAKEN UP THIS MORNING AND DISPOSED OF.

MAJORITY OF PRESBYTERIES DID NOT FAVOR IT.

the Report of the Committee on Temperance—To-day and Last Night's Meeting of the Geueral Assembly, Etc.

The First Presbyterian church was rowded last night at the meeting in the terest of foreign missions. The meeting was conducted by Dr. Hemphill, of Kentucky. After singing the doxology and a prayer by Dr. Hemphill, the Rev. M. H. Houston, secretary of foreign missions made a short address. Rev. J. Rockwell Smith of Pernambuco, Brazil, was introduced. "Since the days spoken of in the Bible," said the distinguished speaker, 'Romish and other idolators have flour shed. I come from a Romish land, and bring for you to see, the idols and images the people there worship (here he exhibited several painted idols) and not the Christ, the Saviour." The speaker said the Brazilian synod numbered sixty-three churches and thirty-four ministers, fifteen of whom were natives. The territory was a vast one to cover with a church membership of about 3,000, but with more resources for prosecuting the work it would grow. Money was needed for the printed word, for that would go where messengers cannot go. It was not only those tied to idolatry they had to overcome, but another element more difficult still-the rationalistic element, who, tied to no faith, combatted them all. The new republic had come to stay, and renewed hope is open to spreading the gospel as never before. Now is the opportunity to take a flood-tide to carry the gos pel all over that broad land. The speaker nade an appeal to the young men and women to join in the good work, "for there are enough of you and to spare," said he, "to carry the gospel to the uttermost ends of the carth.'

"Age," said the Rev. Thornton R Sampson of Greece, next speaker, "is not essential to missionary work. I do not disparage aged laborers, but it is the strength of youth that is needed. The Greek church is only a heathen church, baptized by another name. The Greeks have some good in them, but are noted or their duplicity. They are deserted by the Spirit of the Lord. The Greek church loes not resist religious literature like the Romish church and others; if not in sympathy with missionary work, at least reedom is granted for that purpose breek christians are good christians."

The speaker related a remonstrance made to a Greek preacher, who replied that he does not preach Christ, as he would be torn in shreds. "I had rather be torn in shreds in this world for preaching Christ, than be fried in frizzles in the other world," said Dr. Sampson.

Rev. Pierce Saunders also addresses he meeting giving his reasons for being missionary.

A notice was given that a meeting in aid of Home Missions would be held tonight in the church at 8.30; addresses by Reverends R. A. Lapsley, of Alabama, m. and arriving at Asheville from Augus- H. K. Walker, of Georgia, W. L. Lowrance of Texas, J. B. Thomas of Virginia, The Morristown and Cumberland Gap and T. C. Barrett of Arkansas. A collec-Assembly adjoined to meet this a. m. at 9.30.

> Prayer was offered by Rev. J. Rumple, D. D., of Salisbury, at the opening of this morning's session of the Assembly. The minutes of yesterday's meetings were approved with a few minor changes.

> The reading of the report of the committee on temperance appointed in 1888 had been made the special order for this session. It was immediately taken up. It required nearly an hour for its reading. It covered the entire question fully. The reading of the report was followed by reading accompanying papers by Dr. Hodge, of Princeton, and by Dr. Thornwall, of Columbia, on the same subject. The Assembly listened with interest. The conclusion arrived at by the authors of the papers did not seem to meet with a full approval, though they were not formally submitted to the Assembly. From

votes on motions as to the disposal of the report and the amendments thereto. it was clearly indicated that the commissioners were not agreed on the question. At the conclusion of the reading Rev. W. L. Lowrance moved that the report be placed upon the docket until the next Assembly and that the report be published and sent to the different presby teries, in order that they might be prepared to discuss it at the session of 1891.

Adopted. Directly after the vote was made Dr. Wilson read a telegram from the assembly at Saratoga in reply to the greeting sent on Saturday. It read: "The General Assembly in session at Saratoga Springs responds cordially to your fraternal message and invokes upon you grace, mercy and peace from the triune

This was signed by Wm. E. Moore, noderator, and W. H. Roberts, stated

Dr. W. A. Campbell read the report of the committee on society and tithes. The committe presented both a majority and a minority report. The former was signed by W. H. Groves, C. W. Suber and C. L. Hague and stated that with regard to the overtures asking the assembly to take some action on the question of tithes they recommended that the matter be referred to a special committee to meet in 1891. The minority report was signed by W. A. Campbell and B. N.

opinion to express. The committee ture of health.

action be taken by the Assembly.

but Mr. Groves continued as before. an ancestor, done "in 1897!" Again Mr. Thompson objected and he speaker was warned, but as before, no attention to the ques paid ion. Rev. J. D. Thomas was the next to object and when a brother member sareastically remarked that it might that he might come to the question later on. A perfect storm of objections rained down and Mr. Groves was forced to re-

Dr. McPheeters moved as a substitute at the next General Assembly. It was of the discussion of the question before not recommended. this Assembly, and that he favored the ninority because it gave more time for the question to be discussed by the people of the different Presbyteries. Dr. Hague explained as the reason why he would vote for the majority that it had not been sufficiently considered by the people. He thought another year of disussion through the newspapers would find the people better able to handle the subject.

Rev. R. H. Fleming appealed to the Assembly not to vote for the majority so that the newspapers might discuss it.

Dr. Webb made a strong speech, in which he expressed himself as heartily in favor of the law of the tithe, and Rev F. N. Whaley, who followed, echoed his remarks. Dr. Davies spoke against the notion. In the face of a vote of 51 presoyteries against 10 that the law was not May 13, 1891. inding it did not seem to him that the Assembly should say they were not prepared to discuss the question. Dr. Shearer said a church had no right to provide for or against the tithe law. There was not an article in the profession of faith on that subject.

Rev. J. R. Jacobs rose to speak, but the call for the question headed him off and the vote on the substitute resulted in a tie-65 to 65. The moderator east the deciding vote in the negative. Rev. I. D. Thomas moved to reconsider and after some delay it was carried.

The ayes and noes were called for. Ob jected to. The question, Shall the ayes and noes be called?; lost, 39 for, 97 against. Original question called on the majority report; rejected, 70 for, 74 against. Question: Shall the minority report be adopted? It was adopted.

A paper was then read by the chairman of the committee on tithes. The committee recommend that the Assembly sim the question, as sent down to the Pres-

An overture from the presbytery of Abingdon asking the Assembly not to let the general subject of "giving and of rais ing funds for the Lord" drop at this stage but that they be pleased to make a delivcrance as to what are the fundamental principles laid down in the sacred Scriptures for the government and guidance of God's people in giving of their substance to the advancement of His kingdom. The committee reported that a sufficient answer is found in the action already taken on the papers reported from the presbyteries. Adopted.

Moved that the report of the commit tee on licensing candidates be made the second order of business to-morrow Adopted.

Dr. Hemphill moved that the subject of foreign missions be made the special order for Wednesday at 8.30 p. m. Adopted.

The ladies will have a meeting in the Methodist church to-morrow afternoon at 4 o'elock.

The hour for devotional exercises ar rived and were conducted by Rev. Dr. Thompson of South Carolina. The Assembly then took a recess till 8.30 tonight when a meeting will be held in the interest of home missions. Several commissioners to the Assembly

former North and South Carolinians, bu now residents of southwestern States will take advantage of the trip to Ashe ville, and visit, after long absence, their former homes.

Some of the commissioners say that hey expected to see in every face in Asheville the evidence of health for which this climate is famed, and are somewhat disappointed when they meet a face with the unmistakable stamp of disease on it; forgetting that the ailing and even the dying of every other section have sought here a relief.

A remarkable feature of the Genera Assembly is the number of old Confeder ate soldiers who are commissioners, some of whom must now have met for the first time since the war. Several of these gentlemen met the other evening. One asked the other if he had been in the army and that led to a general conversation, de veloping the fact that all had been Contederate soldiers. Some had participated in the same battles and campaigns.

One of the best speakers in the General Assembly is Elder W. M. Cox, of the

the tithe sixty-eight had responded. Out Rev. Thos. E. Converse, D. D., one of of this number fifty-one had written that the editors of the Christian Observer. under the New Testament they did not Louisville Ky., will be heard from in his consider the law of the tithe binding; ten report of the Assembly to his, and perwrote that they did regard it as binding; haps other papers. He is a ready writer one was on the fence and six had no is about 45 years of age, and is the pic

would recommend that these facts be Rev. Dr. Mathews, of London, at spread upon the minutes and no further Monday morning's session while tendering his thanks for attentions received. Dr. D. O. Davies moved that the minor- remarked that names heard at the call of ity report be adopted. This motion was the roll suggested his presence in Edineconded and W. H. Groves who had burg instead of Asheville, N. C. Kenith signed the majority report, rose to speak | McDonald, and even James Park spoke on it. Mr. Groves had evidently in of Scottish ancestry. Dr. Park in retended to make a speech on the tithe turning thanks to Dr. Mathews for his question itself and not on the question instructive address of Sunday took occabefore the Assembly. He spoke for fully sion to say that his nationality had been five minutes not once touching the sub- mistaken. Battingham, county Donegal ject, when Dr. Thompson rose to a point | Ireland was his father's birthplace. To of order and asked that the speaker be further prove his Irish parantage the directed to speak to the question. The good doctor said he had in his possession moderator made therequired suggestion, a Bible in which was written the name of

Rev. Dr. Witherspoon, thinks it is most important to get sailors converted and bring them into the ministry to help convert the world. The Rev. Dr. Hill, he says, was converted and joined the church under the preaching of Rev. Mr. be as well to let the speaker continue, Ryaldson, a sailor who was converted and went into the ministry.

During the discussion of the report of the committee on temperance this morn- IMPORTED ENGLISH AND GERMAN PORTLAND ing it was proposed to print the report which did not recommend total absti to the motion of Dr. Davies that the nence, and circulate it among the Presmajority report be accepted and that a byteries. A commissioner thereupon in special committee be appointed to report quired: "Who will pay for the printing?" Another responded: "The whis seconded and Dr. Hill said he favored the key men will pay the bill," evidently disninority report because it would admit gusted that complete prohibition was

Floating the New Pavement

Last night's heavy rain did serious dam age to the new paying on South Main street. A small edition of the French Broad ran down the hill and washed out the sand underneath the paving which presented an open front, as if inviting the enemy. An old farmer viewing the damage this morning thus expressed the situation: "They commenced work on the wrong end of the hill. When I dig a ditch I commence at the highest point that the water may run off from my
